THESIS TOPIC REGISTRATION

Thesis topics for the academic year 2019/2020

The thesis topics are on the online system of the Faculty’s website. In order to register you need to log in to the ak.sze.hu website, then choose the Thesis registration to choose the supervisor and the topic. The online registration platform on the Faculty’s website is only active in the registration period. Topics are displayed one week prior to the beginning of the semester and students have two weeks to register. After the deadline, there is no further possibility for registration.

Students should contact the supervisors.
